MANAGEMENT DISCUSSION & ANALYSIS REPORT

Industry Structure and Developments:

The close linkage of the textile industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles make the Indian textiles sector unique in comparison to the industries of other countries. The Indian textile industry has the capacity to produce a wide variety of products suitable to different market segments, both within India and across the world. The textiles industry is also labour intensive and employs large number of persons. The fundamental strength of the textile industry in India is its strong production base of wide range of natural fibers like cotton.

The Textile Industry is a major export earner for the country by export of cotton yarn and value added products like fabrics and garments. The revival of economy in the overseas market will add stimulus to the Industry. The Industry depends upon availability of cotton at a stable price. The Management continues to upgrade the quality of yarn produced to ensure competitive advantage in marketing its products more through exports and sustain profitability.

Opportunities and Threats:

Opportunities:

- i. The Post COVID-19 international trade is expected to undergo a major change. This will provide better opportunities to India to improve its exports.
- ii. This year also normal monsoon is predicted. With higher carry-over stocks of cotton in view of lower consumption, the prices are expected to be reasonable throughout the year.
- iii. The recent announcement of Rs.20 Lakh Crores stimulus package by the Government of India for reviving the economy, will provide a boost for both the urban and rural consumption.

Threats:

- i. The dislocation of workers due to COVID-19 will pose a threat of shortage of manpower.
- iii. Lower utilisation levels due to the lock down and phased relaxations are also expected to affect the performance during the current year.

Product-wise performance: The Company's main product range continues to be Cotton Yarn, Knitted fabrics and Garments catering to the needs of Hosiery/Knitted Garment Industries. The company continues to pursue a policy of constant up-gradation of quality of yarn and fabric produced.

Outlook:The Government has imposed a nationwide lockdown to control COVID-19 from March 24, 2020 onwards. This has impacted the economic activities substantially. Only from 5th May, 2020 some relaxations have been announced. Your company has commenced operations from 6th May, 2020 with minimum work

force. It is expected that it will take some more time to achieve normal operations. These disruptions will certainly affect the performance during the current year. Due to competitiveness at all levels, it is necessary to implement consolidation strategies such as cost reduction measures, improving productivity and exploring new markets, maintaining high quality and these measures are under way as ongoing process.

Risks and Concerns: The entire world is down with unprecedented lock down for a prolonged period and the economic impact of which will affect the international trade severely. The financial liquidity is very low. This is going to affect the businesses substantially. Though banks may be liberal in sanctioning loans but higher interest cost will affect the margin. The key raw material for our industry is cotton and major area under cotton cultivation is rain-fed and hence it is dependent on vagaries of monsoon. Price fluctuation is high in both domestic and import cotton. Any disruption in the supply and / or violent changes in the cost structure would affect the profitability of the company. Power also plays a major role in cost structure.

Internal Control system and their adequacy: The Company has proper and adequate systems of internal controls commensurate with its size and nature of its business, to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition. These systems also ensure that all transactions are authorized, recorded and reported correctly. Opinion

We have audited the financial statements of Salona Cotspin Limited ("the Company"), which comprise the balance sheet as at March 31, 2020, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its profit, total comprehensive income, the changes in equity and cash flows for the year ended as on that date.

Basis for Opinion :

We conducted our audit in accordance with the standards on auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In our opinion and based on the information and explanations given to us, there are no other key audit matters to be communicated in our report, other than those more fully described in the Emphasis of Matters paragraph of our report which describes the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results as assessed by the management.

Principal Audit Procedures

- We assessed the Company's process to identify, assess, and respond to risks of material misstatement considering the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results for the year under consideration.
- As part of the evaluation of whether sufficient appropriate audit evidence has been obtained, we have evaluated the appropriateness of our initial risk assessments and revises previous risk assessments in light of the COVID-19 crisis for certain financial statement areas, including disclosures.

- We have considered the impact on the processes and controls that may be affected by necessary changes to business processes in light of circumstances such as travel restrictions, or as a result of remote working arrangements.
- We have designed, performed new procedures and modified previously planned audit procedures as a result of the necessity for carrying out the audit procedures remotely, including verification of the source and completeness of data provided for audit. This includes performing alternative audit procedures to obtain audit comfort in respect of significant account balances for recognition, measurement and disclosures.
- We have audited the management's estimates required in the financial statements, including, but not limited to, estimates related to expected credit loss, inventory obsolescence, impairment analyses by checking the reasonableness of underlying assumptions in making those key estimates. We specifically discussed the impact of COVID-19 with the management and critically challenged the key assumptions and their reasonableness in making such key accounting estimates
- We have considered the basis of management judgment in determining impact on the financial statements of any subsequent events related to the COVID-19 pandemic, taking into consideration the date of the financial statements, the facts and circumstances pertaining to the entity, and the conditions that existed at, or arose after, that date. As the impacts of the COVID-19 outbreak continue to evolve, including regulatory restrictions/ conditions, capturing events that relate specifically to conditions that existed at the date of the financial statements, or after the date of the financial statements, we have considered all subsequent events and transactions to substantiate our conclusions on the appropriateness of management's assessment of the Covid'19 impact.
- We have carried out a detailed analysis of data and performed additional analytical procedures for validating the management's assessment of impact due to covid'19 related uncertainties
- We have considered management's adjustments or disclosures which includes the impact of the changes in the environment on the recognition and measurement of account balances and transactions in the financial statements or other specific disclosures.

Emphasis of Matter

As more specifically explained in **Point No.19** to the financial statements, the Company has made a detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 pandemic which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

Our opinion is not modified in respect of this matter.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Rules, 2016, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of Salona Cotspin Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **SALONA COTSPIN LIMITED** (“the Company”) as at March 31, 2020, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
